Appreciation of Ancient Poems

古诗词鉴赏

"A child cannot appreciate poetry, his sense of life is rough, and it is difficult to read the essence of other literary styles," said Jin Bo, a famous children's literature writer. Children who learn ancient poetry from an early age are more observant of life and know how to discover the beauty around them. Therefore, when he came into contact with other literature, he could feel the charm of literature more deeply. The ancient poetry culture is one of the important traditional cultures of China. Reading poetry is a process of savoring the beauty as well as cultivating the character. Since ancient times, people who love ancient poetry culture have never been rare. Many parents choose to cultivate their children's interest in poetry from an early age.

著名儿童文学作家金波说：“一个孩子不会欣赏诗，他对生活的感受是粗糙的，也很难读懂其他文学样式的精华。”从小学习古诗词的孩子，对生活更善于观察，更懂得去发现周围的美。因此，当他接触其他文学的时候也能更深入地感受到文学的魅力。古诗词文化是中国重要的传统文化之一，读诗是一个品味美的过程，也是一个修身养性的过程。从古至今，喜爱古诗词文化的人从不见少，很多家长更是选择从小就培养孩子对诗词的兴趣。
